OFFICE OF
THE PRESIDENT

Dear Graduate:

My sincere desire for your success in life is matched by an equally strong desire for a successful future for Palm Beach Junior College. I know that you share in that desire. Here are some facts about the college you might want to keep in mind:

- *Palm Beach Junior College is the first public community college in Florida and has served Palm Beach County since 1933.*
- *Although the College serves primarily the students of Palm Beach County, PBJC receives no county taxes.*
- *The College is asking the people of the county to vote for a half mill levy for only five years, which will cost the average homeowner five cents per day.*
- *Funds from the millage will be used only for construction, maintenance, renovations, and equipment.*
- *The College will be able to provide even better training for students going on to a university and for policemen, firemen, paramedics, nurses, and other para-professionals.*
- *The College serves 36,000 students annually. Their average age is 34.*

At this time, we are facing one of the greatest opportunities in our history. On October 13, the people of the county will be voting in a special election for the college. Be sure to register to vote, if you have not already done so, and to vote on that day.

Sincerely,

Edward M. Eisey
